CHILD DEVELOPMENT CENTER

Banquet

SPONSORSHIP PACKET

SATURDAY, OCTOBER 12TH, 2024
7:00PM

Dear Friends,

We are writing to you on behalf of Tabernacle Child Development Center to express our enthusiasm for the opportunity to collaborate with your company as a sponsor for our upcoming Child Development Center Fundraiser Banquet. Since 1957, our Child Development Center has been a staple in our community providing a world class early education experience for children!

As we continue to grow our reach and impact, we are seeking strategic partners like you to join us on this journey. Your support as a sponsor will help us enhance the quality of our childcare and education as proceeds benefit construction of our future Louise B. Scott Preparatory Academy, but also provide an invaluable level of added exposure for your business to our engaged congregation, community partners, and global viewership!

Thank you for considering this partnership opportunity. We look forward to collaborating with your company and contributing to the success of Tabernacle Child Development Center. Please feel free to contact our team at (706) 724-1230 or email us at children@tbcaugusta.org to schedule a meeting or discuss any questions you may have.

Sincerely,

Tabernacle Child Development Center

TESTIMONIALS

"Miss Louise Scott legacy still lives, and it is definitely the history for us that really spoke to me as a parent and that our teachers and administrators still uphold those values that Miss Louise Scott was teaching way back then." -CDC Parent

"She's a lot more like just active and vocal, she's been very happy since she started, just like certain things that I was working on with her at home. I could just see how she's grown as far as, like how she writes, gripping her pencils, all the words as she speaks, her vocabulary has expanded so well."
-CDC Parent

"Well, working here was a big benefit, I already knew what to expect from the teachers, and I knew the director just holds the staff to an amazing standard. And I couldn't imagine putting my baby somewhere else. It's just that level of comfortability and knowing that they'll learn so much and not just it's not just a babysitter."
-CDC Parent

"There's been like nothing but positive feedback as far as she goes. It seems like so far, kindergarten has been a breeze. She knows her colors, she knows her shapes already."
- CDC Parent
